Important guidelines for membership and point accumulation below:

1. Points for year-end awards and Youth World qualifying begin to accumulate at the time dues are paid. The 2022-23 show season will start with the December 2022 Go South for the Winner show in Texarkana and will end with the May 2023 Memorial Day show. This applies to year end points and youth world show qualifying.
2. Youth memberships allow points to count **only** in the Youth division. A separate individual or family membership is required for points to count in Open events.
